## About Me:

I have been a full-time resident of Fenelon Falls since 1998. I reside with my wife Laurie, and between us we have five children and four grandchildren.

Previously I have lived in Oakville and various other cities around Eastern Canada. I was born in Cornwall and grew up in Montreal where I attended university. I have worked for various organizations including The Bank of Montreal, Domtar, and 34 years at CIL, in which one of the positions I held was Chief Administration Manager. Since retiring I have spent 16 years as a councillor. I have included a partial list of the committees I have had the privilege of contributing to during my term.

The next Kawartha Lakes Municipal Election will be held by internet and telephone voting over 10 days from **Friday, October 14, 2022 at 9am to Monday, October 24, 2022 at 8pm.**

**Phone:** 705-887-9281

# Elect Doug Elmslie

# for Mayor City of Kawartha Lakes

## Goals

The overall theme of my campaign is **“Enhancing the service levels in the City of Kawartha Lakes.”** As a councillor, I often hear people express frustration when dealing with the municipality, including long wait times to get answers or actions on various issues or files. Misunderstandings with policies or procedures and not knowing the correct department or person to contact. If elected, I will work on removing those barriers and frustrations and making access to city services easier and more seamless.

## Areas of Importance

- \* Roads and infrastructure a top priority (build, repair, maintain)
- \* Financial long-term plans, including budgets, debt, and resources
- \* Human resource issues including hiring and retention of employees
- \* Dealing with future utilizations of landfill sites
- \* Building more affordable housing for young families
- \* Streamlining planning and building procedures

- to expedite applications and permits (also completing our secondary plans)
- \* Completing the master plans for trails and active transportation
- \* Proactively dealing with issues caused by environmental changes
- \* Learning from and changing how to deal with the ongoing challenges from a pandemic

Other areas needing attention include transportation, cultural master plans, the arts, human services, by-laws, and parks and recreation issues.

## Endorsements

“I’ve been fortunate to work closely with Doug over the years on many community improvement projects. His dedication to Kawartha Lakes is clear in his many years as councillor and his depth of experience volunteering on many committees. Doug has unmatched council experience and knows the city well.

**Chris Handley, owner Handley Lumber**

In his 16 years of dedicated service to the citizens of Kawartha Lakes, Doug has always performed in a responsible and fair manner. His goal is to ensure well thought-out decisions for the best results for the citizens of the municipality.

**Barb Truax, Lindsay CHEST Fund/Library Board**

We picture him, shovel in hand, helping to plant gardens at the Rosedale Parkette. Doug was our councillor for several terms. We found him to be approachable and responsive to our village issues. For the past few years, Doug has devoted his time and energy to this city.

**Gail & Grant Cottrell, owners, Shorelea Resort**
